

Approved Power Services Ltd (APS) recognise the importance of maintaining our operations to ensure the safety of the environment. The company recognises that effective management of our environment makes good business sense and will be a fundamental and integral part of our business strategy.

It is the Company's overall objective to operate to this Environmental Policy and to implement and operate to the ISO 14001:2015 Standard.

To ensure we achieve this, APS is committed to:

- Preventing pollution.
- Protecting the environment through the implementation of environmentally friendly work practices for our own and our suppliers work activities, plant, equipment and other assets that could significantly impact the environment and life cycle.
- Being aware of how our activities impact the environment.
- Seek and minimise adverse effects to the Environment by means of the best practices and available techniques.
- Environmental improvement in the workplace through control of pollution and care for the local Environment.
- Complying with all the applicable laws and regulations, industry standards, clients standards and policies (e.g. Network Rail/LUL) and any other requirements to which the company subscribes.
- Conserving the use of resources, particularly those that are scarce or non-renewable whilst:
 - ◆ avoiding waste
 - ◆ encouraging conservation
 - ◆ re-using and re-cycling
 - ◆ preserving, restoring and enhancing the built and natural heritage
 - ◆ encouraging the sustainable use of land based resources and certified timber and wood products
 - ◆ reducing air, land and water pollution e.g. toxic chemical sprays, motor exhaust etc.

- Being sensitive to the environmental concerns of our clients and community through which we operate and responding to any communication.
- Adopting environmental objectives to continually improve our environmental performance and monitor the progress of achievement.
- Using suppliers and practices that pay particular attention to the environmental impacts that they may have.
- Dispose of waste materials as required by current legislation.

To meet this commitment, the company will operate under the control of a Business Management System that complies with the ISO 14001:2015 standard. It is the company's belief that, in applying the above, it will be able to meet the requirements of its customers, stakeholders and industry.

This policy applies to everyone employed by Approved Power Services Ltd and any contractors, consultants or other persons acting under or on behalf of Approved Power Services Ltd. This Policy will be communicated to all employees and contractors through the company's induction. This policy will be reviewed annually as a minimum and when required through changing needs, circumstances and legislation. Any changes will be further communicated through recorded briefings. A copy of this policy will be displayed in the main office.
